

The Avon Valley School and Performing Arts College

17th March 2017

Dear Parents/Carers,

At Avon Valley we take our duty of care to look after your sons and daughters very seriously. It therefore concerns me that an increasing number of students are staying around the school, well after the school day has finished and sometimes until 6pm.

As you know, we run a wide variety of after school clubs and revision sessions for students to take part in. We welcome all students to these sessions; details can be found on the school website under the 'calendar' tab.

However, if students are in the school building after 3.30 pm they will be expected to attend a session where they are supervised or they must leave at this point. Additionally when students finish their after school activities they should be collected promptly and will be asked to leave the building by 5pm, as we are not in a position to supervise them after this time.

Yours sincerely,

Alison Davies
Headteacher
